TO: Engineering and Resource Protection
JCSA

FROM: Jose Ribeiro, Senior Planner

SUBJECT: S-0010-2013, Kingsmill Resort Parcel R-9

ITEMS ATTACHED: **Revised Plat**
Response Letter

ACTION: **Please provide comments by July 29, 2013.**

Thank you for your review,

Plat is approved by the Engineering and Resource Protection Division. On the final plat for recordation, Note #15 on Sheet 1 requires a minor correction. The word "impacts" needs removed from the plat note. The note is intended to relay that RPA limits are approximate based on County general CBPA map on GIS and not based on site specific determinations. Plat approval provides no specific approval for impact to RPA.
