COMMENTS:

Land Use designations serve as a guide for determining what kind of growth will occur in the County and where. They are used when the Planning Commission and Board of Supervisors consider certain development proposals, such as rezonings and special use permits.

The attached applications are from property owners wishing to change their Land Use designation.

Please review each application as they will be discussed at the **Development Management Team (DMT) meetings on June 17th and 24th at 9 am.** July 1 has also been reserved if additional time is needed.

All comments must be submitted by **June 30, 2014.**

*The Engineering and Resource Protection Division has no comments on this comprehensive plan land use application (LU-001-2014).
