**RE: SP-0058-2013, Busch Gardens Trapper Restroom SP Amend.**

Dear Mr. Connolly,

I am pleased to inform you that your site plan received final approval on August 15, 2013. Enclosed are two copies of the stamped final approval drawing for your files. It is the applicant's responsibility to submit one copy of the approved site plan to Building Safety and Permits with the building permit application if a permit is necessary.

Final approval of the site plan shall expire five years after the date of approval. During that period all permits shall be obtained or the development shall be put into use. When the permits have been issued, the site plan approval shall run concurrently with the permits term of validity for only those uses and improvements covered by the permits. All work shall be completed in the manner and location indicated upon the approved plan. Modifications shall be approved in advance by the Zoning Administrator.

Sincerely,

Jason M Purse  
Zoning Administrator
